

Have your voice heard and join the Dementia HIT Volunteer Panel

The Bristol Health Partners' Dementia Health Integration Team (HIT) has set up a Volunteer Panel. You can join the panel if you would like to hear about patient & public involvement activities relevant to dementia.

Involvement activities might include:

- Taking part in a discussion group about a particular service
- Commenting on paperwork and forms to make them more user-friendly
- Providing ideas for future research or priorities for service improvement.

You don't have to take part in any of the activities you are offered.

The panel is open to people with dementia, their carers and interested members of the public.
